Sure, I'd be happy to provide a summary of the game Monopoly! Monopoly is a classic board game that was first introduced in 1935. The game is designed for 2-8 players, and the objective is to become the wealthiest player by buying, selling, and trading properties, as well as collecting rent from other players who land on them. The game is played on a rectangular board with a grid of spaces, each representing a different property, such as Park Place, Boardwalk, and Mediterranean Avenue. Players roll dice
